### Highlights

- Startups I work with have a low failure rate, with positive returns on investment 10+ years later.
- Saved M3 Publishing revenue-loss post hack, security hardening live environment under pressure.
- Designed Children's Museum centre-piece for Mallinson's Architects to win M&H Award, against odds.
- Regularly scored 100% in QA process for Aris Technologies. Developed templates akin to RWD ~2008.
- Helped Bladonmore to prevent loss of a valuable, high-profile client w. £30 Billion market cap.
